

CREATIVE PROBLEM SOLVING WORKSHOP

Explore innovative means of creative action through individual style.

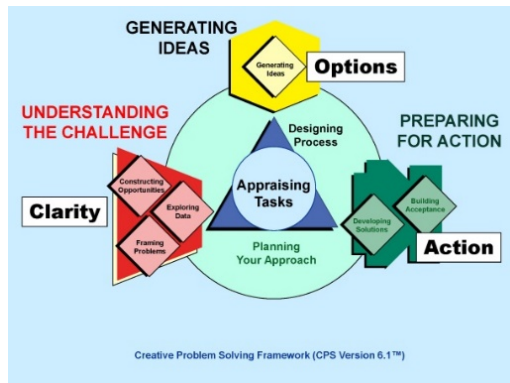

Offered by Center for Creative Learning LLC through FPSP
Graduate Credit Available through University of Wisconsin La Crosse - additional registration and fee required through UWL

Perhaps you've heard that there's more to brainstorming than just brainstorming? The Center for Creative Learning's 3-day workshop will explore the facets of Creative Problem Solving and the tools for generating ideas and focusing on best solutions. **When is the right time to generate solutions? When is the right time to frame the problem? When should action start?** Creative Problem Solving's flexible framework models a process that can be added to anyone's toolbox of learning and transfer into real skills whether in the classroom or beyond the classroom walls. Participants will learn the framework by solving a group problem guided by expert presenters.

JUNE 2018

UNIVERSITY OF WISCONSIN LA CROSSE

This workshop will focus on the Creative Problem Solving process during a fast-paced, hands-on, minds-on workshop. This powerful and practical framework of tools and resources for thinking creatively and critically, solving complex, open-ended challenges and problems, and managing change will become a way of life. Our CPS 6.1™ framework builds on more than five decades of research, development, and practical application worldwide in schools and other non-profit settings, as well as in corporations. Creative Problem Solving provides tools that can be applied successfully by problem solvers of all ages.

Benefits of This Training

- Create fresh new ideas and put them to work immediately.
- Turn your "good" ideas into real action.
- Understand your own problem solving style when solving problems and managing change, whether working alone or in a group.
- Acquire creative thinking skills that can be used in the classroom or in personal life.
- Learn how problem solving can inspire students to think deeper and be more engaged.

Location & Times

- This workshop will be held on the campus of University of Wisconsin La Crosse in the Eagle classrooms on the first floor of the Eagle Residence Hall.
