

Covid Vaccination Upload and Verification Process

We are using Crowdpass, a secure platform, for vaccination verification for the International Conference 2022. Everyone attending IC 2022 above the age of 5 is required to upload proof of vaccination OR provide proof of negative Covid PCR test taken (no more than) 72 hours prior to check-in in at IC. This verification process could take up to one week to complete so **don't wait to do this, Get Started Now.**

PLEASE NOTE: Each person attending IC 2022 will need to have a unique email address to create an account on Crowdpass. Parents attending with children or parents with more than one child attending IC 2022 must use different email addresses for each individual.

Here is how the process works:

Use the link below or open the camera on your phone and point it at the QR code. Click the link that pops up. Scroll to the bottom of the page and click the "Register" button to create an account. Follow the instructions as directed and press the "Submit" button.
