### SUBTHEMES

The 2023 International Conference Scenario Performance competition should focus on a logical outgrowth of actions or events related to the [IC Topic of Currency](#). As in other Future Problem Solving components, research on the topic will be very helpful as competitors prepare their Performance. Competitors should incorporate one of the following subthemes into their Performance.

- Multi-national or Global Currencies
- Central Bank Digital Currency
- Political decisions impacting Currency
- Government backing of Currency
- Cryptocurrency
- Digitization of Currency
- Impact of ending paper money

Competitors may create their own subthemes. These **must** be approved by FPSPI's Competition Director, Kyla Mocharnuk in advance of the competition. Please submit any additional subthemes to [Kyla](#) by Wednesday, May 18.
